2.4. Sh. Praveen Tekriwal, Managing Director appeared before the Approval Committee on behalf of the applicant firm. He informed the Approval Committee that they have 100% EOU in Hosur (Tamilnadu) since 2007, which is engaged in manufacturing and export of 'Granite Slabs'. He further informed that around 110 employees have been working in said 100% EOU and export turnover is around 75-80 Crore and the export is mainly to Australia, European & Middle-East countries. On being asked about the proposed SEZ unit, he informed that due to scarcity of raw materials in southern India they are looking in Rajasthan wherein large quantity of raw material is readily available. He further informed that approx. 70% of raw materials i.e. rough blocks of granite, will be procured from DTA and approx. 30% is proposed to be imported. He further mentioned that his EOU in Hosur has won large number of awards and from the proposed SEZ unit he is expecting annual turnover / export of Rs.60 crore approx.

2.5. The Approval Committee observed that import of proposed raw material i.e. 'Rough Block of Granite' is 'Restricted' as per Exim Code 2516 of ITC(HS) 2017 Schedule 1 (Import Policy) issued by DGFT, as given below:-

| Exim Code | Item Description                                                                                                                                                                                                  | Policy     |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| 2516      | GRANITE, PORPHYRY, BASALT, SANDSTONE AND OTHER MONUMENTAL OR BUILDING STONE, WHETHER OR NOT ROUGHLY TRIMMED OR MERELY CUT, BY SAWING OR OTHERWISE, INTO BLOCKS OR SLABS OF A RECTANGULAR (INCLUDING SQUARE) SHAPE |            |
|           | Granite:                                                                                                                                                                                                          |            |
| 25161100  | Crude of roughly trimmed.                                                                                                                                                                                         | Restricted |
| 25161200  | Merely cut, by sawing or otherwise, into blocks or slabs of a rectangular (including square) shape.                                                                                                               | Restricted |

2.6. The Approval Committee further observed that as per Point No. (iii) of Instruction No. 47 dated 04.03.2010 issued by DOC, "In respect of supply of Restricted items by a DTA unit to SEZ Developer / Unit, the DTA unit can supply such items to a SEZ Developer or unit for setting up infrastructure facility or for setting up of a unit. It can also supply raw material to SEZ unit for undertaking a manufacturing operation except refrigeration, cutting, polishing and blending. However, it will require prior approval of BOA". In view of the Instruction No. 47 and the fact that unit would be both importing / procuring Granite from DTA, the Committee decided to forward the case to BoA for consideration. The Approval Committee also decided to recommend the case for approval.

2.7. The Approval Committee took note of submissions of Sh. Praveen Tekriwal that their 100% EOU unit has been importing rough Granite Slabs. Further, the Committee observed that Chapter 6.08(a)(i) does not permit any DTA sale of Marble slab. However, there is no such restriction on DTA sale of Granite Slab. Therefore on the analogy of DTA sale provisions in respect of EOUs engaged in manufacturing of Granite slabs, the Approval Committee clarified that the proposed SEZ unit may sell / supply finished 'Granite' in DTA subject to payment of applicable duties and fulfillment of positive NFE subject to the condition that it can sell only those Granite slabs which are freely importable in view of the following policy restrictions of DGFT contained in ITC(HS) Classification:-

| Exim code | Item Description | Policy | Policy Conditions                                                               |
|-----------|------------------|--------|---------------------------------------------------------------------------------|
| 680223    | Granite:         |        |                                                                                 |
| 68029300  | Granite          | Free   | Import permitted freely provided CIF value is US\$ 80 & above per Square metre. |

Shri Tekriwal on being asked clarified that the unit would be clearing 'Granite slabs' in DTA tentatively 10% of their total production.

2.8. After due deliberations, the Approval Committee decided to recommend the proposal to the Board of Approval for consideration, in terms of Instruction No. 47 dated 04.03.2010 issued by DOC, in respect of import / procurement of 'Rough Granite blocks' as raw material which is Restricted under Exim Code 2516. The Committee further decided that in case LOA is granted to the unit by BoA, the unit would fulfill Environment & Pollution Control Norms for Air & Water. The Approval Committee also decided that the proposed SEZ unit, if issued LOA, may sell / supply finished

'Granite' in DTA subject to payment of applicable duties and fulfillment of positive NFE subject to the condition that it can sell only those Granite slabs which are freely importable in view the policy restrictions of DGFT contained in ITC(HS) Classification.
