export projection for five years is Rs.22354.75 lakhs and projected NFE is Rs.14975.10 lakhs.
The area of proposed location is 32600 Sq.ft.

ii) Antecedent reports from Falta SEZ received and nothing adverse noticed.

iii) Further, the site inspection report from jurisdictional Customs Jodhpur has also been received on 07.05.2019 wherein they have stated that there is no specific line of separation in agricultural land from other land to recognize the land specifically for the factory premises. There are concrete and debris all over the land shown to the staff at time of visit and some small RCC polls (around 1.5 to 2 feet high) were constructed there. There is no shade and boundary walls around the polls of RCC being set up by the applicant. Also, there is 5000 sq.ft of GRASSLAND which cannot be converted into the industrial land. Presently, the said land is an agricultural land only and there is no existence of manufacturing unit. They also added that in present circumstances, there is no safe place to install/ store the exempted goods intent to be imported by the said company. Their office does not recommend to grant the said company, the status of 100% EOU at least for the next 2-3 months.

iv) Shri Vigneshh Nyati, Director of the unit and Shri Suresh Nyati of the unit attended the meeting and elaborated the project before the Committee. They mentioned that the applicant firm is subsidiary of M/s Madhav Marbles & Granites Limited. They have stated the following points:-

- a) Their parent company is M/s Madhav Marbles & Granites Limited having turnover of Rs.80 crores and more than 98% thereof is exports. Now they are planning to export Quartz of different colour and textures. They have applied for conversion of land use (40000 sqmt) where pillars are erected and shade will be ready within 7 days of permission in change of land use. They have also got loan sanctioned from the Bank. Earlier they had submitted in-principle sanction of loan. They also mentioned that 5000 sqft grassland is not part of the land where factory is proposed to be set up.

- b) For manufacturing of Quartz Stone, they will import some raw material from Belgium and USA. They have already signed export orders worth Rs. 2.5 Cr.
- c) They want to take opportunity of current international trade scenario in the wake of high CVD imposed by USA on imports from China and they want to utilize the opportunity to export to USA.
- d) The durability of Quarts slabs is more than natural slabs, marble or granite slabs and it is far cheaper than Italian marble /tile.
- e) They have placed orders for import of capital goods from China. Their loan is also sanctioned and they have paid the amount to exporter of capital goods. The unit has stated that if the LOP is granted, then they will submit land conversion documents before filing the LUT.

The Committee, after due deliberations, approved the proposal of the unit In-principle subject to the condition that letter of permission shall be issued only after receipt of

i) clear recommendation from jurisdictional Customs Authority for setting up 100%EOU and

ii) documentary proof in respect of change of land use from agricultural to industrial for proposed location of the unit.

use indigenous raw material as Udaipur belt is famous for raw material for Quartz. However, they will import about 5-10% of raw material from China. Hence they want to install completely new machinery and they will import the whole automated plant for manufacture of Quartz Slabs and Articles. Only Polishing machine that they have already using for granite slabs and tiles will be utilized for manufacturing of Quartz also. They also showed the photographs of plant and machinery and catalogue of their products to the members of the Committee. On being asked, the unit's representatives informed that they are likely to commence the production of Quartz Slabs and Articles of Quartz Slabs latest by November' 2019 as the shed has already been built and they have already ordered the machinery.

The Committee after due deliberation, approved the proposal.

3.03 (2019) (1) स्वीकृति-पत्र की व्यापक बॉन्डिंग; (2) LUT के अनुलग्नक-1 में आयातित मशीनरी के आयात; एवम (3) विदेशी मुद्रा बैलेंस शीट में परिवर्तन के लिए मै० मालब्रोस मार्बल्स & ग्रेनाइट इंडस्ट्रीज, SP-1192 (J), रीको इंडस्ट्रियल एरिया, फेज-IV, भिवाड़ी, अलवर (राजस्थान)-301019. का प्रस्ताव।

4) Unit's representative Shri Imran Sheikh, Accounts Executive attended the meeting. He stated that their unit had utilized only Rs. 250.00 lakhs out of approved limit of imported capital goods of Rs.950.00 lakhs and now they want to enhance the limit to Rs.1511.83 lakhs. Currently, they are dependent upon orders from Gulf countries but now they have received export orders from USA and want to increase their capacity.

The Committee after due deliberation, approved the proposal. However, the Committee observed that no senior person / partner attended the meeting. The Committee observed that the UAC meeting is an inter-ministerial meeting and officers of various departments attend the meeting and therefore, it is a good opportunity for exporters to have one-to-one interaction. The Committee directed that a letter to all the partners of the unit be sent to ensure the presence of the partners / senior level officers in such meetings of UAC or Joint Monitoring meetings in future positively.
